HELP  GROW A GENERATION OF STEM-STEAM PROBLEM SOLVING KIDS!  

Alabama Public Television and Steve Trash are proud to offer a **SECOND SEASON** of the popular, fun, funny, and magical **SCIENCE**-themed 30 minute kid's TV series **STEVE TRASH SCIENCE**.

*"Steve Trash Science is fun, filled with good science, and kids will love it."*  
 Steve Spangler (Author and Host of DIY Sci)

*"I'm a Steve Trash fan."*  
 LeVar Burton (Star Trek, Reading Rainbow, and much more)

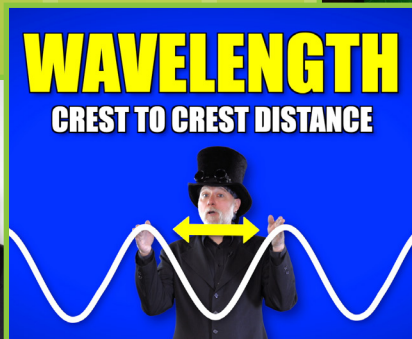

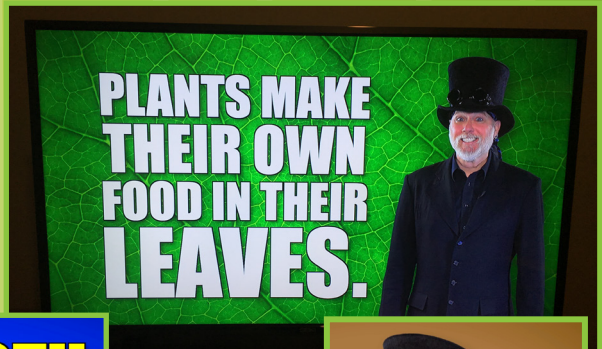

*"I found Steve Trash Science to be engaging and informative. This video series will be an excellent option for supplemental instruction and a useful tool for elementary classroom teachers seeking to add a technology component and fun to the learning environment. Steve Trash Science encourages young learners by using multiple modalities of instruction throughout the videos."*

Dr. Brian Lindsey (Superintendent Muscle Shoals City Schools)

## KIDS LOVE MAGIC. KIDS LOVE SCIENCE.

In each episode, Steve Trash performs several amazing magic tricks, which (of course) is totally NOT science, but an illusion. Then, Steve proceeds to showcase a science idea that's equally fun and amazing, explaining the difference along the way. Kids love it because it's fast-paced and visually interesting. Teachers love it because it's real science!

# OUR GOAL IS TO GET KIDS EXCITED ABOUT STEAM

(Science, Technology, Engineering, Art, and Math) through visual, fun, and magical TV.

**SCIENCE IS THE  
STUDY OF HOW  
THE NATURAL  
WORLD WORKS.**

**MAGIC IS CREATING  
THE ILLUSION  
THAT YOU CAN DEFY  
THE LAWS OF NATURE.**

The first season is now airing on PBS affiliates across the country (Los Angeles, New Orleans, NYC, and many others).

Thanks to our partnership with SHOALS AREA CHAMBER FOUNDATION any business can donate and receive 100% deductible tax credit.
